I am a dedicated Computer Science student with a strong foundation in data analysis, programming, and database management. Proficient in a range of programming languages and tools, I am passionate about continuously improving my skills and delivering effective solutions.

Skills

Data Analysis: Proficient in SQL, Power BI, and reporting.
Data Visualization: Experienced in creating dashboards and visual reports using Power BI.
Database Management: Skilled in SQL, database design, and management, MongoDB.
Programming: Knowledge of Java, JavaScript.
Web Technologies: Html, CSS, React.js, Node.js, Express.js.
Data Structure and Algorithm Using Java.

Work Experience / Projects

Sales Analysis and Forecasting Dashboard
- Utilized historical sales data (over 3 years) to create a predictive dashboard in Power BI.
- Achieved 25% increase in reporting efficiency by automating monthly sales trend analysis.
- Improved decision-making for the marketing team by providing a forecast with a 90% accuracy rate.

Car Rental System (a Java Console Based Project)
- Rent a Car: Experience the ease of renting cars through an interactive console.
- Return a Car: Effortlessly return previously rented cars and update availability.
- Customer Management: Add new customers and maintain customer records.
- Car Management: Manage cars, brands, models, and pricing details.
- Rental History: Keep track of rentals, customers, and rental durations.

Banking System (a Java Console Based Project)
- This Java-based application allows you to manage user accounts, perform transactions, and ensure the security of financial data
- User Registration & Login, Account Creation, Debit and Credit Transactions, Money Transfer Between Accounts, Balance Inquiry, Robust Security Measures.

Book Store (a Full Stack MERN Technology Based Project)
- This Project two panels front-end (User and Dashboard), and one Backend (Api and Database working).
- User Registration & Login, Interest According Buy, Dashboard All of activity look it like user activity, payment activity, Book Activity like Create Book, Edit, Delete, Review.

Education
- Bachelor of Science in Computer Science and Engineering | R D Engineering College, Ghaziabad | 2025
- Relevant Courses: Data Analysis, Database Management, Java Programming.
- Certifications: Certified Power BI Analyst by Capgemini, Data Structure and Algorithm by coding blocks.

Languages: Hindi (Native), English (Fluent).

Hobbies: Travelling, learning new Things and Technology, Playing Badminton.
